The Seeberg Veltliner 12 has a nice straw yellow color, smells of ripe fruit and with a medium in the body. The grapes were very ripe (22 ° KMW), which has meant that the yeast has not quite finished fermented. With 27g of residual sugar GV Seeberg 12 is sweet again, but well integrated with its mineral and spicy note of veteran floor, so that the sweetness does not in the foreground. In addition, it has thus a high potential stock. Culinary suggestion: Goes well with spicy meat dishes.
