| Acid | 7.5 g/l |
| Rest sweetness | 12.9 g/l |
| Dish | chinese food |
| Vineyard site | Hiesberg |
| Soil | Loam, Schist |
| Drinking temperature | 10 °C - 12 °C |

The mixed set is not a cuvée: here grape varieties typical of the region grow together in a vineyard and are also processed together. In the past, at times when single-variety expansion was not a matter of course, this was part of the standard in viticulture. In our mixed set you will find typical varieties from the region: Early Red Veltliner, Rivaner, Pinot Blanc, Grüner Veltliner, Riesling, Sauvignon Blanc, among others from approx. 50-year-old vines. The vineyard lies on the northern border of the Kamptal at almost 400m above sea level and is characterized by the cool climate in the Waldviertel. The cool nights and the rough wind ensure that our mixed sentence is always very fruity. The majority of the Frührotem Veltliner and Rivaner are responsible for the mild acidity that characterizes this wine. Serving tip: Due to the mild acidity, the mixed set goes well with spicy dishes such as Asian cuisine and marinated vegetables.
